5/12/25 - Bolder Boulder

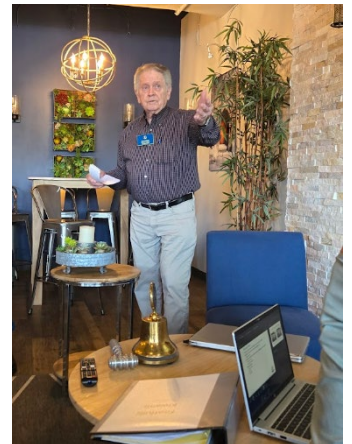

Fred Fusilier gave us a presentation on the Bolder-Boulder's history, going a way back to its inaugural in 1978 with only 2,700 registrants. They've had north of 50k most years starting in 2007, and expecting 55k this year. As volunteers working security at the starting line, we are the first volunteers representing the event that the runners will meet. Be positive! The importance of waves - there are "pinch points" on the 10K route, and waves help to reduce clogging - and accidents.

5/12/25 - Al Lonon and Matt Frederick, RMD 2025 Spring Leadership conference.

Over 40 District clubs were represented at the conference, 11 were recognized for being chartered over 100 years!

The conference was full of just great people and very motivating. Great learning experience, esp for a newer member, and to see the Kiwanis is a much bigger size and presence than just what one sees in a local club. Looking forward: Look into grants; there are project monies to be mined. Nov 1 deadline, with Jan 1 decisions (?). How can we use AI for fundraising, approaching sponsors, how to run a fund raising even like corn hole? Branding and recruiting. Are we easy to find on-line? Do we have an elevator speech ready to go? Business cards. Integrate with other clubs and organizations for fundraising.

5/19/25 - Scholarship Award

Six winners of Foothills Kiwanis of Boulder Valley Scholarships attended with parents to be recognized and receive their awards. Awards were from \$1,000 to \$3,000. All just great kids who demonstrated Kiwanis values through service, leadership and growth through their high school careers.

KIWANIS: Serving the Children of the World!

We're glad to know that they'll be carrying solid Kiwanis values with them wherever their paths may lead them. The next steps are all over, from Colorado, to California to even Lyon France. Hope they can come back and visit, letting us know how their next state in life is working out. As always, Bill Duclos did a fantastic job of providing a personal introduction for each awardee, presenting them as models of service and leadership. Thanks, Bill!

Builders Club Meetings February to May 2025

--Vince VanZago

In February, the club tried a new connect activity: Jeopardy.

The members competed in teams with a model board projected on the screen. Topics included movies,

animals, sports, pop culture, geography, and holidays. They also played reverse charades. Service projects included decorative cards with teacher's names mounted on a large heart on the first meeting and cards for hospitalized kids during the second meeting.

In March, the group played Hucklebuckle for one connect activity and hallway bowling during the next meeting. The officer's candidates for next year gave their speeches and the members voted. Elected were Mihicka, President, Uthika is the Vice-President, and Aravn the Secretary. The group decorated cookies, wrote cards, and delivered them to the teachers in their mailboxes.

In April, the group played "Name That Tune" for their connect activity and Hucklebuckle. Their service project included disinfecting all the desks in the Middle School and Easter Cards for the Landmark Memory Unit residents.

The final meeting of the year was held on May 9th. The group had a multitude of treats to eat and played "find the missing person" who hid in one of the rooms.

5/15/25 - P2P Key Club Meeting
