June 18 – Morgan Louis, A Testimony for our Dog Alert Program

Morgan and her mother, Debbie, came from Colorado Springs to give us a testimony of what her dog, Pepper, means to them. Morgan has Type 1 diabetes, which has no cure. Pepper, who has been with her since a pup of 8 weeks, knows 40 commands to help Morgan with her disease. Morgan and Pepper demonstrated some the commands; some important ones are: alerts Morgan and family if blood sugar is low and finds items needed to check blood level. Pepper is now two years old, and is Morgan’s best friend. Morgan understands that she must take good care of Pepper when at places such as school. She must make sure that Pepper is safe with food, water, and bathroom breaks. On June 30, Morgan and Pepper will attend graduation ceremonies at Al Boeve’s home. All club members are invited to see two teams graduate. Thanks, Morgan, for a wonderful presentation. This makes our fundraiser effort worthwhile!!

Girls' Softball at Pete Sprenkle Field
Bob Mohling, Coaching Excellence Committee

Pete was recognized for his 40 years of softball by BVGSA
President Misie Goodard

On Wednesday, June 20th, Erie and Boulder 8-year old girls played a softball game at Pete's field near Horizon's School. Before the game started our club member, Pete, was recognized for his contribution to girls' softball. It was the first time in years a game was played at this location – it is typically used as a practice field only. Misie Goodard, BVGSA President, spoke briefly to the players about the significance of Pete starting girls' softball in Boulder 40 years ago. The field was pretty (manicured) and ready to go for the game. Players and fans enjoyed some cupcakes and soft drinks at the conclusion of the game. Everyone had a good time!

Up with People Needs Rooms for Cast while in Denver
Paul Bailey, President

Up with People is returning to Denver and is searching for people that are willing to open their homes to host one or more of their international cast members. Hosting opportunities are from July 27th (with some staff members arriving earlier on July 16th and July 18th) through August 26th. There is also the option to host for just the first two weeks or last two weeks. It is a convenient and fun way to learn about different cultures without leaving your own home - all you do is provide the young person(s) with a place to sleep, breakfast and dinner, transportation in the mornings around 8 am and in the evenings around 6 pm most days. We will be offering a regional shuttle service to transport students to and from daily activities. Tentative shuttle stops for this upcoming Staging may include Boulder, Broomfield, Longmont, Thornton, downtown Denver, Aurora, Parker, and Highlands Ranch.

The cast is beginning their world tour in Denver and will spend their time learning the show Live on Tour composed of international music and dance, connecting with their international cast members and spreading the mission of Up with People.

For more information about Up with People please visit our website at <http://www.upwithpeople.org>. If interesting in providing a room, contact Paul or Bob Mohling.
