Snippets from Recent Club Programs

12/16/19 – Vince Van Zago, Medical Devices Technology

Vince, our club Secretary, was born in Omaha, NE. He has BS in EE and BS/MS in ME. He started his career at Valley Labs, which was purchased by Medtronic in 2015. Medical devices are a big business with the leaders in order: Medtronic, Johnson & Johnson, GE Health Care, Abbott Laboratories, and Koninklijke Phillips. By 2025 the global medical device manufacturing market is expected to exceed \$600 billion, driven by the aging population, increasing prevalence of chronic diseases, advancements in technology, and other factors. Some recent innovations are: Smart Inhalers, Robotic Surgery, Wireless Brain Sensors, and Artificial Organs. Now retired, Vince spent his entire career in the medical devices industry. He specializes in Robotic Surgery products. He has scheduled Part 2 of this presentation on January 20. Thanks, Vince, for an educational presentation!

12/23/19 – President Craig, Club Roundtable - Fellowship and Education

Our club President, Craig, gave a brief presentation at our Roundtable Meeting on History of Kiwanis and Our Dashboard Results. The history included information on our organization beginnings in 1915, membership totals, trustee leadership, funds raised, and organizational structure. Our November Dashboard results were: service hours, 105; members reporting, 10; attendance average per meeting, 14.5; makeups average per meeting, 3; and guests total, 7. Vince reminded us to share our service hours with him each month. Thanks, Craig, for interesting and thought provoking education topic!
